

ATTENTION ALL MICRO, SMALL AND MEDIUM ENTERPRISES

Sol Plaatje Municipality (SPM) will be embarking on tender Training Workshops for Micro, Small & Medium Enterprises (MSMEs) to capacitate them to tender successfully for opportunities advertised by SPM.

The Training Workshops will support MSME's and guide them on how to properly complete and submit tender compliance documents, covering key aspects like understanding tender requirements and processes, structuring responses, highlighting company strengths, and ensuring compliance with all necessary regulations. Therefore, these Training Workshops will be delivered in partnership with CIDB and CSD.

These Training Workshops will thus give MSME's an opportunity to engage with municipal representatives from the Local Economic Development and Supply Chain teams as well as other strategic role players such as CIDB and Provincial Treasury to gain knowledge on how to participate in future tenders.

All interested parties are invited to come and participate in these ongoing workshops, which will be facilitated by the SPM Municipality. Details for the **first roll-out** of these workshops including the venues, time and date are depicted in the table below:
